<b>Device Manufacturer:</b>	<b>TrueTime Timing Test &amp; Measurement</b> (now part of Symmetricon) 3750 Westwind Blvd. Santa Rosa, CA 95403 U.S. Toll Free: 1-888-FOR-SYMM (1-888-367-7966) Phone: 1-408-428-7907 Fax: (707) 527-6640 Email: support@symmetricom.com
<b>Device Data String(s) Output to WinFrog:</b>	
<b>WinFrog Data String(s) Output to Device:</b>	
<b>WinFrog Data Item(s) and their RAW record:</b>	

**DEVICE DESCRIPTION:**

This device allows you to synchronize WinFrog’s time to the highly accurate GPS time output by the Trimble receivers. The time displayed in WinFrog and the time stamp used in WinFrog’s data recording are set to the GPS time.

***DEVICE CONFIGURATION INSTRUCTIONS***

---

**WINFROG I/O DEVICES > EDIT I/O:**

Serial  
Configurable Parameters

**WINFROG I/O DEVICES > CONFIGURE DEVICE:**

This device does not require configuration.

**WINFROG VEHICLE > CONFIGURE VEHICLE DEVICES > DEVICE DATA ITEM > EDIT:**

This device does not have any data items. Time synchronization using this device is accomplished from WinFrog’s main configuration menu. See chapter 8.
