

A contour plot showing air temperature in degrees Celsius as a function of latitude and longitude. The y-axis is 'Latitude, S' ranging from -0.5 to -4. The x-axis is 'Longitude, E' ranging from -85.5 to -81.5. A color bar on the right indicates temperature from 19.0 to 23.0 degrees Celsius. Contours are labeled with values like 19, 19.5, 20, 20.5, 21, 21.5, 22, and 22.5. A red star marks the 'Ecuador Mineral Resources Survey Area B' at approximately -83.5 longitude and -2.2 latitude.
